The Classic One

Nedo Super Measuring Wheel No. 702 111

The Classic One – the Nedo Super Measuring Wheel No. 702 111 – now in a new design.

The ergonomic pistol grip in conjunction with the strong aluminium guide rod ensure optimum handling of the Nedo Super Measuring Wheel under any operating conditions.

The forward and reverse precision counter is mounted above the wheel and cushioned against shock. The counter is driven by a toothed belt. It is set to zero using a resetting lever. The parking brake is integrated into the sturdy rest bracket. The Nedo Super Measuring Wheel can be transported safely using the carrying case, Order No. 752 111.

The Dependable One

Nedo Lightweight Measuring Wheel No. 703 111

The Nedo Lightweight Measuring Wheel No. 703 111 is characterised by its sturdy and ergonomical design. Exact measurement results are assured by the abrasion-proof precision wheel and the precision counter. The pistol grip with integrated brake button makes for easy handling. Thanks to the ingenious folding mechanism on the guide rod, the packaging dimensions are very small. For safe transportation and protection from damage, the Nedo Lightweight Measuring Wheel is available as a set together with a carrying backpack.

Technical data for Measuring Wheel 702 111

Wheel circumference	1 m
Measuring range	0 bis 9999.99 m
Counter arrangement	central
Resolution	0.01 m
Weight	3.65 kg
Tolerance	0.02 %

Features for carrying case 752 111

Fits measuring wheel 702 111
Material: plastic

Technical data for Measuring Wheel 703 111

Wheel circumference	1 m
Measuring range	0 bis 9999.90 m
Resolution	0.1 m
Weight	approx. 2.1 kg
Tolerance	0.05 %

Lightweight Measuring Wheel set No. 703 115

including Lightweight Measuring Wheel 703 111
and carrying backpack

The Convenient One

Nedo Lightweight Measuring Wheel Professional No. 703 112

The Nedo Lightweight Measuring Wheel Professional is identical to the Lightweight Measuring Wheel 703 111, except that it has a reset button in the pistol grip. This allows the precision counter to set to zero without the user having to bend down.

For safe transportation and protection from damage, the Nedo Lightweight Measuring Wheel Professional is available as a set together with a strong carrying backpack.

The Flexible One

Nedo Mini Measuring Wheel No. 703 113

Like the Nedo Lightweight Measuring Wheels, the Nedo Mini Measuring Wheels also feature an ergonomically shaped pistol grip with integrated brake button. Precise measurement results are assured by the abrasion-proof precision wheel and the precision counter. Thanks to two folding mechanisms on the guide rod, the Mini Measuring Wheel 703 113 folds up into a very handy size. Here too, a measuring wheel set comprising the Mini Measuring Wheel 703 113 and the carrying backpack is available.

Technical data for Measuring Wheel 703 112

Wheel circumference	1 m
Measuring range	0 bis 9999.90 m
Resolution	0.1 m
Weight	approx. 2.1 kg
Tolerance	0.05 %

Lightweight Measuring Wheel set No. 703 120

including Lightweight Measuring Wheel 703 112 and carrying backpack

Technical data for Measuring Wheel 703 113

Wheel circumference	0.5 m
Measuring range	0 bis 9999.90 m
Resolution	0.1 m
Weight	approx. 1.2 kg
Tolerance	0.05 %
